WINNER'S BIG LEAD CONTINUES GROWTH

WILSON CARRIED FORTY STATES

Will Have Over Four Hundred and Forty Electoral Votes.

New York, Nov. 8.—Fuller returns indicate that Woodrow Wilson carried 40 states and will have 442 electoral votes. This leaves Roosevelt second with five states and 77 electoral votes, while President Taft has but three with 12 votes to be cast for him.

The significant change of the day was the change of places by Illinois and Minnesota. More complete returns took Illinois from Roosevelt and added its 27 votes to the Wilson column, while Minnesota's voters were found to have gone for Roosevelt, which took the 12 electoral votes out of the Wilson column and gave them to Roosevelt.

Dispatches from Cheyenne, Wyo., declare that Wilson has carried Wyoming by a small plurality. He was leading by 450 votes over Taft and several Democratic precincts were to be heard from.

Democrats Clinch Senate

Assured of Majority No Matter How Doubtful States Turn Out.

Washington, Nov. 8.—Control of the senate in the Sixty-third congress is now practically assured to the Democrats. Conceding to the Republicans the legislatures of all states still in the doubtful column the Democrats will have a vote of 48, or just one-half of the entire membership of the senate, with a Democratic vice president in the chair to cast the deciding ballot in case of a tie. Several states are yet to be heard from definitely. A senator from one of these would give the Democrats a clear majority, and it is possible that their strength will be even further increased by winning in several.

Woody Will Name His Own Advisers

NO ADVICE NEEDED REGARDING CABINET

Wilson Says He Is Capable of Making His Own Selections.

Princeton, N. J., Nov. 8.—Those who have been making cabinets for President-elect Wilson were jolted when the president-elect gave out a statement that he was perfectly capable of selecting his own family of departmental advisers and intended to do so.

"Such speculations," he said, referring to the list of cabinet officials that had been prepared in every town where the wisecracks could get the ear of a reporter, "are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a future announcement is possible. It will be perfectly useless to resort to me for

CHARLES GRAVES

Secretary of State Re-elected by the Democrats of Ohio.

corroboration of any report, because I shall have absolutely nothing to announce. No announcement will have the least authority which is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

Bryan Silent as to Cabinet.

Lincoln, Neb., Nov. 8.—William J. Bryan refused to make any comment on the gossip connecting his name with cabinet positions. Mr. Bryan left for Chicago and Indianapolis and he will then go to Washington, where he will spend a few days before leaving for his winter home in Miami, Fla.

J. D. Post Wins Over Hughey

Columbus, O., Nov. 8.—More nearly complete returns changed the congressional complexion in two other Ohio districts, the Seventh, where J. D. Post, Democrat, now seems to have been elected over R. W. Hughey, Republican, and the Tenth, where R. M. Switzer, Republican, appears to have a plurality of approximately 500 votes over C. M. Caldwell, Democrat. As the Ohio delegation, including the congressman-at-large, now stands, it includes 19 Democrats and 3 Republicans.

Progressives Will Remain In the Fight

Plans to Be Formed at Columbus For Building Up of New Party.

Columbus, O., Nov. 8.—State Chairman Walter F. Brown fixed Dec. 7 as the date of the Progressive state conference, at which plans are to be formed for the building up of the new party. The conference will be held three days in advance of the national Progressive conference at Chicago. To the Ohio meeting, which will be held in Columbus, Chairman Brown will invite the members of Progressive state and county committees, state, congressional and county candidates.

Quakes in Nicaragua.

Colon, Nov. 8.—Severe earthquakes were experienced in the interior of Nicaragua. The extent of the damage is not known. Conflicting reports say Costa Rica also suffered.

ROOSEVELT RECEIVES \$125 A WEEK FOR WOUND.

New York, Nov. 8.—Colonel Roosevelt stands to receive \$125 a week for the period during which he was incapacitated by reason of his wound. Very likely Mr. Roosevelt doesn't know just how well off he is, since it was the Outlook, of which he is contributing editor, that took out the accident insurance policy on which the payments will be made.

Nick Longworth Defeated

Cincinnati, O., Nov. 8.—Nicholas Longworth, congressman from the First Ohio district and Colonel Roosevelt's son-in-law, whose election Tuesday had been generally conceded, was defeated by 85 votes according to the unofficial canvass. His apparently successful Democratic opponent is Stanley Bowdler, member of the recent constitutional convention. Longworth will not admit his defeat, however, and the result will not be finally known until the official count is made.

Columbus, O., Nov. 8.—Edward Sweitzer of Canton, the custodian of the senate chamber, will be a candidate for sergeant-at-arms of the senate. William Melcher of Wapakoneta will be a candidate against him.

Brave Bulgarian Army Nurses And Turks Going to the Front

Photos by American Press Association.

BULGARIAN army nurses are brave, hardy women, who have been nearly overwhelmed with duties since the Balkan war began. Reports from the front indicate thousands have been wounded, and these nurses, a group of whom is shown above, have proved to be the real heroes of the conflict. The lower picture shows Turkish soldiers leaving for the front in trains. The vehicles are little more than freight cars.

Commits Suicide at Sea.

New York, Nov. 8.—Allen W. Gernert, 35, of Bridgeport, Conn., a passenger on the American liner New York, committed suicide Saturday at sea by first slashing his throat with a knife and then jumping overboard. Gernert, who boarded the liner at Southampton, had been treated by the ship's doctor for extreme nervousness. He seemed to get better under treatment, but later complained very much about sea sickness.

NEW POSITION WILL BE FILLED BY UNCLE JUD

ALL OVERLOOKED A FAT POSITION

No One Named For Chief Justice of Ohio Supreme Court.

GOVERNOR MAY APPOINT ONE

Office Created by a New Constitutional Amendment Effective the First of the Year—Judge Wanamaker, Progressive, and Foster Wilkin, Democrat, Apparently Elected to the Supreme Bench.

Columbus, O., Nov. 8.—Latest returns practically assure the election as judges of the Ohio supreme court of R. M. Wanamaker of Akron, Progressive, and J. Foster Wilkin of New Philadelphia, Democrat.

Judge Wanamaker is far in the lead of the 13 candidates for the two long-term judgeships on the nonpartisan ballot. Judge Wilkin has relatively a longer lead over the five candidates for the short-term judgeship.

On the returns now in the contest for the second long-term judgeship is close between Oscar W. Newman of Portsmouth, D.; Reynolds R. Kinkade of Toledo, Independent, and William E. Schofield of Marion, D. The independent is sandwiched between two Democrats. Charles A. Thatcher, Independent, ran second for short term.

No Nomination For Chief Justice.

It has been discovered that a mistake was made in that no one was nominated by petition or otherwise for the new position of chief justice of the supreme court, and hence there was no election. The office is created by a new constitutional amendment, effective Jan. 1. Governor Harmon is puzzled what to do about it, but probably will appoint a chief justice. He may leave this appointment to his successor, Mr. Cox. The chief justice is to have a position of commanding importance in the state judicial system. Had any lawyer in the state wanted to run, he could have had his name put on the ballot by getting 4,000 names signed to petition. He then would have been elected without opposition.

Though eight circuit judges have been elected, their offices will be abolished Jan. 1, 1913, just a month and eight days before the time for them to take charge. This contingency also appears to have been brought about by a misinterpretation of the Peck judicial amendment, which abolished circuit courts and created in their places courts of appeals.

The amendment provides that: "The judges of the circuit courts now residing in their respective districts shall be the judges of the respective courts of appeals in such districts and perform the duties thereof until the expiration of their respective terms of office."

Thus there is no provision for newly-elected circuit judges becoming judges of the courts of appeals. They will be officials without an office.

Governor Harmon has suggested, as a means of solving the difficulty, that the elections be treated merely as advisory for the appointment of judges for the courts of appeals.

Cox Gives Harmon the Credit.

Governor-elect James M. Cox, in a telegram to Governor Harmon, gave the Harmon administration the credit for the big Democratic victory in the state. He wired: "The splendid work of the state administration maintained by you and other state officers gave us an asset which made victory possible."

Socialist state headquarters claimed the full vote would show Debs had polled almost 100,000 votes in Ohio, three times his vote four years ago.

Prohibition state headquarters claimed Polling for governor had received from 35,000 to 45,000 votes, more than three times the Prohibition vote of 1908.

President Issues Thanksgiving Proclamation

Sets Aside November 28 as Day For Thanksgiving.

Washington, Nov. 8.—President Taft issued a proclamation setting aside Nov. 28 as a day of national thanksgiving. In it he says:

"A God-fearing nation like ours owes it to its inborn and sincere sense of moral duty to testify its devout gratitude to the Allgiver for the countless benefits it has enjoyed."

"The year now drawing to a close has been notably favorable to our fortunate land. At peace, free from the perturbations and calamities that have afflicted other peoples; rich in harvests so abundant and in industries so productive, the people of this country have abundant cause for contented gratitude."

"Wherefore, I, William Howard Taft, president of the United States, invite my countrymen to join on Thursday, Nov. 28, in appropriate ascription of praise and thanks to God for the good gifts that have been our portion and in humble prayer that His great mercies toward us may endure."

Asks For Square Deal For Cuba

Director Barrett Issues Appeal to the American People.

Washington, Nov. 8.—An appeal to the American public to give Cuba "a square deal" was issued by John Barrett, director of the Pan-American union, here. Mr. Barrett declared that the peaceful manner in which the national elections had been conducted last week and the quiet that has followed the election of General Menocal deserve recognition on the part of the United States of the capacity of the Cubans to manage their affairs. Mr. Barrett also announced that President-elect Menocal will visit the United States prior to his inauguration and will be entertained by the Pan-American union.

Turks Will Fight to Finish.

Constantinople, Nov. 8.—The war will be fought to a finish. After a conference of the commanders and Marshal Fuad Pasha, the latter returned to Constantinople and submitted his own and the conference view of the situation. He said it was quite unnecessary to despair, and urged the government to resist to the last.

OFFICIAL FIGURES FULL OF SURPRISES

Wilson, Cox and a Part of the Democratic State Ticket Pulls Through in Fayette County.

CLOSE SHAVES ARE DISCLOSED

Probate Judge Figures Show Allen's Election, Yet Patton Carries City and Kearney Sweeps the Countryside.

The Board of Elections for Fayette county completed the canvass of the returns of Tuesday's election this morning and announced the results, which made no change in the lists of those shown to be elected by the unofficial returns.

The canvass, however, has brought to light several surprises and disclosed very close contests. The official figures show that not only did the Democratic candidates for president and governor carry Fayette county for the first time within the memory of man, but that the same feat was accomplished by the Democratic nominees for lieutenant governor, secretary of state and attorney general, the latter leading all others with a plurality of 222.

The Republican candidates for the remainder of the state offices carried the county by small pluralities, ranging from 15 for Archer to 105 for Geidel, which serves to give one a good idea of the extremely close racing of the two old parties.

Another surprise was the plurality of only 15, given in the county for Broadstone, Rep., for state senator, over Aid, Democrat.

On the county ticket the Republicans were successful in all instances excepting recorder and one commissioner. In the former, Brown Dem., was re-elected by a majority of 433. Weaver, Dem., led all candidates with a plurality of 87. The largest majority on the county ticket was 493 given to Nelson, Rep., over Curtin, Dem., for sheriff. The next highest was 437 for Reid, Rep., over Thomas, Dem., for representative. Ford, Dem., for county commissioner, was defeated by Perrill, Rep., by only 51, and Brown, Dem., for coroner, was defeated by Howell, Rep., by 64.

For Congress, Post, Dem., carried the county over Hughey, Rep., by 691. It is interesting to note that in this race the Socialist candidate received a total of 128 votes in this county. Mr. Post's official majority over Mr. Hughey in the district is 708, the former carrying Fayette by 691, Pickaway by 989 and Miami by 688, while Mr. Hughey carried Clark by 1399 and Madison by 261.

The official canvass shows that the largest majority given by the voters of this county to any candidate was given to Judge Cyrus Newby, who rolled up a lead of 1074 over Mr. Morrow, his Democratic opponent.

In the Circuit court race, Judge DeWitt C. Badger, Dem., lead Mr. Kunkle, Rep., by a majority of 358. The official figures on Probate Judge show the election of Rell G. Allen by 158. An analysis of the relative strength of the various candidates for Probate Judge is shown in the following table:

FARMERS WANT TRACTION HAVE CALLED A MEETING

Landowners Along Leesburg Pike and Stafford Road Enthusiastic Over Prospect of Securing an Electric Road, and Will Meet at Buena Vista Tuesday Night. New York Capitalists Coming.

The landowners along the proposed route of the electric road from this city to Hillsboro are becoming greatly enthused with the prospect of securing the road under the plan adopted by Charles S. Sollars of this city, and a meeting has been called for Tuesday night, when quite a number of the men along the route will meet Mr. Sollars at the township house in Buena Vista.

It has not yet been fully determined which way the road will go after reaching the junction of the Anderson pike with the Leesburg pike at the premises of Mr. J. E. Hare. Influential landowners along

the Stafford road are pulling for the line to extend through Buena Vista, believing that it will not only greatly enhance the value of their property, but will also give Buena Vista the opportunity of her lifetime to grow rapidly and become one of the real live towns of the county.

While the farmers along the Stafford pike are after the road, the landowners along the Leesburg pike, west of Buena Vista are also desirous of securing the road, realizing that it is probably the one chance of a thousand of ever being located on a railroad of any kind.

New interest is added to the proposition by the announcement from Mr. Sollars that New York capitalists will arrive here and go over both routes with him within the next day or two.

Deep interest is centered in the project, both in this county and Highland county, and scores of landowners have announced their readiness to adopt the plan offered by Mr. Sollars as the solution of the perplexing question of how to secure an electric line.

IN SOCIAL CIRCLES

A very lovely affair in the way of an afternoon tea was given yesterday by Mrs. V. J. Dahl at her home on East street. This was one of a series of affairs Mrs. Dahl has in view in the pleasant entertaining of all her friends.

The home reflected the bright sunshine outside by the bright faces and exceedingly chic gowns within and carnations, pink and white and choice white chrysanthemums gave a double glow through the rooms.

Mrs. Dahl was looking particularly well in a very handsome embroidered Japanese crepe gown, and had as her aids in receiving, her sister, Mrs. W. A. Tysor, Mrs. Van Winkle, Mrs. Jess Blackmer, Mrs. Peddicord and Mrs. Harry Baker. Carnations were given as favors to the guests by the young ladies, Mary Tysor, Jane Saxon and Ruth Smith.

Miss Mabel Flee entertained at her home Thursday for 15 of her girl friends, including her Sunday school class and a few others. A grand good time was had in every way. A musical contest afforded a great deal of pleasure with Miss Lucile Chapman winning the prize, a box of candy.

Another was a spelling contest and this was no end of fun. When the ending came, Miss Merle Jones came off victor, winning a hand-painted beauty pin.

Dr. Fess Wins By Over 800

Dr. S. D. Fees, candidate for Congress from the Sixth district, carried the district by over 800 votes, defeating his Democratic opponent Hempstead.

Dr. Fees carried Warren, Greene and Clinton counties, while Hempstead lead in Brown, Highland and Clermont counties. Fess' majority were, in Warren, 891, Green 1370, Clinton 737, while Hempstead carried Brown by 1540, Highland by 147 and Clermont by 400.

Dr. Fess' many friends in Fayette county are pleased with his success, believing him to be an exceptionally strong man for a seat in Congress.

Special Stamps For Parcels Post

Postmaster General Hitchcock has advised all postmasters that parcels post packages should not be accepted for mailing unless they bear the distinctive postage stamps and have attached the return card of the sender. A series of distinctive stamps is now in course of preparation for this class of mail, as required by the law creating the parcels post system.

Consignment of these stamps will be ready for shipment to all postoffices in ample time for the establishment of the new system on January 1st, next.

Although it will be a few weeks before the parcels post regulations can be promulgated, yet Mr. Hitchcock wants the public made as familiar with the new system as possible before it is finally put into operation. To this end he has asked Postmaster Culhan to enlighten his patrons as much as possible on the subject and especially on the use of the special stamps and the necessary attachment of the return card.

The law requires that all fourth-class mailed after January 1st, 1913, without the parcels post stamps attached, shall be treated as "Held for Postage". Parcels post packages will be mailable only at postoffices, branch postoffices, lettered and local stations, and such numbered stations as may be designated by the postmaster.

LOOKING INTO THE CRYSTAL.

It is too early to undertake any intelligent forecast of the results which will follow in the wake of the crushing defeat sustained by the Republican party in the election of last Tuesday.

That the great political party which has given to the nation Abraham Lincoln, James A. Garfield, James G. Blaine and William McKinley; the party that has, no matter what may be the view held as to its tendencies during the last few years, written into the history of the nation a page of glorious achievements which challenge the admiration of its foes and inspire the reverence of its friends, has been dealt a staggering blow, even the most optimistic of its members will not deny.

Such unparalleled successes as the Republican party has enjoyed, followed by an overwhelming defeat such as that administered by the voters on Tuesday, furnishes an incident which can be compared with nothing in the political history of the country.

Four years ago if a man could have been found in all this broad land who would have ventured the prediction that the Republican party would emerge from the presidential election of 1912 with a bare dozen votes in the electoral college that man would have been accounted a fit subject for the insane asylum.

Yet that is just what has come to pass. President Taft will have in the next electoral college only twelve votes—four each from Utah, Vermont and Idaho.

The Progressive party has already issued a call for a monster conference to be held at Chicago in December, at which plans for furthering their organization and mapping out the future independent political course of the new party will be formulated.

The Republicans bitterly denounce the leaders of the new party movement and declare that the recalcitrants must come back into the fold.

All of which means that, at this time, no quarter is asked or offered by either side. Each one of the warring factions is determined now that the fight shall continue until one or the other is forever destroyed.

And yet it is not more unreasonable to predict now, under present conditions, that the Republican party will survive its defeat of Tuesday, will rise again supreme and march once more to a succession of brilliant victories, than it would have been four years ago to predict dire disaster such as has just been sustained.

While the official vote from all the states is not yet obtainable, it seems reasonably certain that the new party has, in addition to capturing a larger electoral vote, received a larger popular vote than the Republican party.

The unofficial figures indicate also that the Democratic party, while it gained a sweeping victory Tuesday by unprecedented pluralities, does not yet number within its ranks, a majority of the voters.

For the first time in half a century the Democratic party will take full control of the government under what seem to be favorable conditions.

Whether the divided majority will come together again, under a new or under the old name, may also depend upon the record of the Democratic party during its incumbency.

Rash, to the degree of a mere guess, would be the prediction of what the future holds for the Republican party.

Perhaps, should prosperity fly away, perhaps, if some of the radical reforms advocated by both Democrats and Progressives prove disastrous in practical operation, a majority of the people would again call for the old pilot to take the helm of the ship of state.

Perhaps, should the Democratic party, awed by its responsibility, become too conservative to put the promised progressive program into actual operation, the majority would lend its support to the new party and turn a deaf ear to the pleadings of both old parties.

Perhaps the administration of the Democratic party may be progressive enough to satisfy the demands of the people for a change, yet conservative enough not to demoralize legitimate business, nor to frighten timid investors and by so doing recruit to its banner a clear majority of the voters.

These are some of the possibilities. The only thing certain is that we are making political history now at a rapid rate and Tuesday's page is only one of the many which will record that history.

There has been less noise among the voters and more doing, politically, during that last two years than in any like period since 1776 and that condition promises to abide during the next four years at least.

So many marked changes in the political alignments are marching by at double quick that brave indeed is the political prophet who dares to look into the magic crystal of the future and hazard an opinion.

Poetry For Today

THE FIRING LINE.

For glory? For good? For fortune
or for fame?
Why, ho for the front, where the
battle is on!
Leave the rear to the dolt, the lazy,
the lame;
Go forward as ever the valiant
have gone;
Whether newsboy or plowboy, cow-
boy or in mine,
Go forward right on to the firing line

Whether newsboy or plow boy, cow-
boy or clerk,
Right forward, be ready, be steady
be first;
Be fairest, be bravest, be best at
your work;
Exit and be glad; dare to hun-
ger, to thirst,
As David, as Alfred—let dogs skulk
and whine—
There is room but for men on the fir-
ing line.

Aye, the place to fight and the place
to fall—
As fall we must, all in God's good
time—
It is where the manliest man is the
wall,
Where boys are as men in their
pride and prime.
Where glory gleams brightest, where
brightest eyes shine,
Far out on the roaring red firing line
—Joaquin Miller.

ACCUSED MEN DRAWN INTO A FIERCE FIGHT

GUNMEN PLACED ON TRIAL TODAY

Directly Accused of Murdering
Herman Rosenthal.

UNLIKELY THAT ANY WILL PEACH

Plan to Try Each Separately Abandoned by the Prosecution at the Last Moment, and With the Consent of the Defense—Many Witnesses at the Becker Trial and Probably All Informers Will Be Called.

New York, Nov. 8.—The four gunmen accused of directly murdering Herman Rosenthal were placed on trial together before Justice Goff today. It was originally intended to put Whitey Lewis on first and try the men separately, but this plan was changed at the last moment. Attorney Wahle for the defense announced his clients in the following order: Frank Muller (Whitey Lewis), Frank Cirofici (Dago Frank), Louis Rosenberg (Lefty Louie) and Harry Horowitz (Gyp the Blood).

Louis Libbey, the owner of the gray car in which the men accused of the killing made their escape, was in conference with Mr. Wahle for several hours. It is supposed that Wahle intends to put him on the stand to contradict statements made by Shapiro, the man who drove the car.

District Attorney Whitman will use many of the witnesses who appeared at Becker's trial, and probably all the informers will be called to testify.

The gunmen will probably take the stand. That any of them will turn "informer" District Attorney Whitman regards as unlikely. If they go to the electric chair he believes they will take whatever secrets they have with them.

Circleville Will Buy Auto Engine

At a recent meeting of the Circleville council a bond issue of \$9,500 was ordered for the purchase of an auto steam fire engine for the city's protection.

The apparatus is to be purchased by the Ahrens-Fox Fire Engine company of Cincinnati, and will cost \$9,500. The engine is to be delivered within 100 days from date of the contract.

At the present time the town of Circleville is equipped with a department something like the one in this city, and which is totally inadequate to cope with a big conflagration.

BAD BREATH.

It's Your Duty to Get at the Cause and Remove It. A Word to the Wise, You Know.

Dr. Edwards' Olive Tablets, the substitute for calomel, oil the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them.

Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system of impurities.

They do all that dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Olive Tablets are a purely vegetable compound mixed with olive oil. Take one every night for a week and note the effect.

HOTEL MODERNITY IN CHINA

Hostelry in Shanghai Is Equipped With Baths, Radiators and Open Plumbing.

The opening of the new Chinese hotel in Shanghai, the Mong Yuen Lee Tzar, was celebrated recently by a banquet, the New York Sun states. The Mong Yuen Lee Tzar is the most up-to-date Chinese hotel in China. It is built of red brick with dark wood trimmings and is airy and sanitary. The building surrounds an open court with balconies around at each floor, so that there are no inside rooms. The hotel is equipped with open plumbing throughout, steam radiators in each room, electric lights and fans. Some of the rooms have private bathrooms connecting and all are furnished in semi-foreign style. The hotel is four stories high and has 82 rooms, including the suites, comprising a bedroom, sitting room and bathroom. The building covers a mow and a half of land, which cost 30,000 taels. The entire property furnished cost \$89,000.

New Brand Of Shoes Arrive

George A. Gregg, the shoe dealer, received a shipment of 30 pairs of shoes, or rather what should have been 30 pairs of shoes, from a factory in Massachusetts Thursday.

Now the shipment had been delayed somewhat, and when Mr. Gregg opened it he discovered that twelve pairs of the shoes had been removed from the box and that a common brick had been wrapped in tissue paper and placed in the shoeless boxes to give the proper weight.

The work had evidently been done in transit, and probably by some hobo who had broken into the car containing the shoes.

Cleopatra's Pearl.

Most persons know the story that is told of Cleopatra to illustrate her luxurious habits of living—that she dissolved in her wine a precious pearl. No one seems yet to have questioned what must have been the effect upon the drink, but scientists scoff at the possibility of such solution.

The fact is pearls are not soluble in wine. The most powerful vinegar affects them slowly, and never entirely dissolves them, for the organic matter remains behind, in the shape of a spongy mass that is larger than the original pearl.

Starting a Missouri Train.

A drummer and a friend climbed aboard a ramshackle train in an isolated Missouri town. The train was a feeble, asthmatic piece of mechanism and the humane society should have prosecuted its owners for allowing it to run at all.

It finally came to a dead stop just on the edge of the town and after a long interval of trying to make it go the engineer stuck his head in the door and bawled:

"Say, you two gents'll have to git out till I git it started!"—Kansas City Star.

Disarming Powers of Evil.

A very interesting custom has just been carried out by the Arab population of Tripoli. Several huge cranes for salvage work recently arrived there from Genoa, but before any of the 500 Arab workmen could be induced to start operations, the Moslem priests were summoned. Then began the celebration of an elaborate rite, during which a large number of young lambs were immolated on the altar. The new salvage plant was smeared from top to bottom by the priests with the blood of the victims, and the ceremony concluded with a sacred dance around the cranes. After this the Arabs set themselves joyfully to work in the assurance that the powers of evil had been effectively paralyzed.

COUNCIL PASSES MANY ASSESSING ORDINANCES

Engineer Springs Mild Sensation By Stating That Sidewalks on Main Street, Over Which Much Complaint Is Made, Are Built According to His Specifications—Harmonious Meeting.

The special session of Council held Thursday night was unusually harmonious, and there was not a dissenting vote cast during the entire evening.

All members were present at the appointed hour, and after the minutes of the previous session had been read and corrected, the committee appointed to fill in the blanks of the cemetery purchase ordinance was asked for a report, but had held no meeting and was not ready to report.

The next taken up was John Markley's request for payment for laying certain cement sidewalks where Council had ordered constructed. After considerable discussion as to how best to proceed, and whether to allow the notes to run for 2 or 5 years, it was decided that two years was

sufficient, and assessing ordinances, calling for the issuance of notes for payment, were read and passed.

These ordinances covered the improvements on Hinde, South Main, South Fayette and North streets, the crossings on South Fayette street

McLean called attention to one of the crossings on the east side, where the crossing had not been laid, and stated that the old one was below the level of the sidewalk. This will be repaired and raised to the sidewalk grade this fall, making a continuous passageway from mudholes on South Fayette street.

Durant asked the engineer, Jacobs, if all of the sidewalks covered by the assessing ordinances were up to specifications, and the engineer stated that all sidewalks and crossings were in good condition.

President Light asked about the crossings used by the Slagle Lumber Co., about which complaint had been made at the previous meeting. President Light held that the crossings were not in proper condition, and that because of their peculiar construction they held water, making it very disagreeable to cross during wet seasons.

Regardless of the complaint, however, Engineer Jacobs held that the work had been done according to his plans and specifications, much to the wonderment of some of the councilmen. Veall said the city should look after the crossings and have them placed in condition.

McLean moved that the Service Director be instructed to see that the crossings on Main street and also the one on Fayette street be repaired or placed in proper condition. His motion was unanimously adopted.

Chapman asked for the repair of sidewalks on Clinton avenue between Draper street and Oakland avenue, making a motion to have the property owners notified to bring their sidewalks up to the proper condition. His motion carried.

Veall asked for the repair of a walk in the alley opposite Sunny Side School house, where the pupils crossed from North to Fayette street. The crossings on Clinton avenue were also ordered repaired, after which adjournment was taken.

FRAIL, SICKLY CHILD.

Restored To Health By Vinol—A Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers, combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

Hadley Mentioned For Vice-President

In late dispatches from Washington sent out by the Bain News Service, the name of Gov. Hadley, of Missouri, is strongly mentioned for the appointment to the vice-presidency to fill the vacancy caused by the death of James S. Sherman.

Governor Hadley reached Washington yesterday in his private car, which was attached to President Taft's train at Harrisburg, Pa., but the two men did not meet during the journey.

The Missouri governor admitted that he had an engagement to meet the president in conference at the White House, but when asked if he would accept the vice-presidency declared that he had not been asked.

Persons close to the governor are said to hold to the opinion that he will not accept the vice-presidency if tendered, considering it an empty honor.

COX BREAKS ALL ELECTION RECORDS.

The Dayton News of yesterday says: Definite information as to the plurality of Congressman James M. Cox, the governor-elect, cannot as yet be given, according to Secretary Charles Marshall of the state executive committee, who states that messages have been forwarded to all counties and that more accurate figures will be obtainable within a day or two.

However, sufficient definite returns are available to show that Governor-elect Cox has received in the neighborhood of 175,000 plurality.

Bulgars Reduce Last Line of Defense.

TURKISH ARMY CRUSHED

Fortifications at Tchataldja Are Quickly Razed.

WAY TO THE CAPITAL CLEARED

Disheartened Enemy Scattered In All Directions--Masterstroke That Hastens the Porte's Efforts For Peace.

London, Nov. 8.—The victorious Bulgarians made one swift, vicious assault on the fortifications of Tchataldja and won them. The disheartened Turks are now scattered over the 25 miles of district between these captured lines of defense and Constantinople, and the Bulgarians are pursuing them, capturing some and killing others. There is now nothing save these disorganized fleeing bands of Turks to stop the Bulgarians in their conquering march towards the capital of their enemies.

Flushed with the increasing total of victories, the Bulgarian troops under the direction of King Ferdinand decide that it would not be necessary to await the arrival of reinforcements which have already started from Sofia. The hatred which the Bulgars feel towards the Turks fed fire to the zeal of the soldiers, and after the testing of the mettle of the defensive army by pressing them hard on Tuesday, Wednesday and Thursday, King Ferdinand decided on an assault. The Turks had been yielding to his varied attacks during these days, and finally he piled all his forces on top of the Turks in a sweeping assault.

Turks Beat Retreat.

The Turks resisted as best they could, but the soldiers are weak from lack of food, disheartened by defeat, and have endured terrific vicissitudes during the few weeks of the war, and at last were pushed from their position. The retreat of the Turks began in confusion, which increased as the Bulgarians pressed home their attacks, and at last the Turks broke into a sprint for their capital, throwing away their packs and arms to increase their speed.

The effect on the porte is that it hastening its efforts for peace. The cabinet wants it on any terms, provided it is granted quickly. The cabinet decided to give free rein to the powers in arranging for a cessation of hostilities.

The loss of the Tchataldja lines of defenses became known in Constantinople just after the war department got news of the surrender of Salonika and news of other Turkish losses throughout European Turkey. Salonika has been making a gallant defense, but the Greeks have been attacking it in so forceful a manner that the Turkish garrison could not withstand it.

The Turkish commander would not trust his men to surrender, so his

army simply abandoned the town, burning down several bridges to prevent pursuit.

The situation of the Turks defending Scutari makes it appear impossible that there is much hope for them.

The situation in Constantinople is growing in desperation every day. Every Christian who can do so is leaving the capital. There are 600,000 Christians in the town normally. Those who know the Turks and the conditions are fearful of a general massacre.

Champion Johnson Indicted

Charged With Transporting Pittsburg Girl For Unlawful Purposes.

Chicago, Nov. 8.—The federal grand jury indicted pugilist Jack Johnson on a charge of violating the Mann act. The indictment charges Johnson with bringing a girl named Belle Schreiber from Pittsburg to Chicago for unlawful purposes. The Cameron girl and several of Johnson's employees were witnesses before the grand jury. It is now probable that the Cameron girl, who has been held as a witness in default of \$25,000 bonds, will be released, and that she will return to her home in Minneapolis with her mother, with whom she has become reconciled. Johnson was subsequently released on \$30,000 bail.

For Andrews Institute

Governor Harmon Leaves Today to Inspect Sites.

Columbus, O., Nov. 8.—Governor Harmon will go to Willoughby, Lake county, today, to help select a site for the Andrews institute building to be erected there by a large fortune left by the late Mr. and Mrs. Andrews of Youngstown, who were burned to death in a New York hotel fire some years ago. The site is an estate of \$2,000,000 to be used in founding an industrial and educational institution for poor girls. By the terms of the will, Governor Harmon, as chief executive, is chairman of the board of trustees which has charge of the fund.

Peacemaker Shot.

Marion, O., Nov. 8.—James Wolfe, colored, went into the home of John Harris here, tonight on stopping Elliott Nimmo from beating his wife. Nimmo turned his attention toward the peacemaker and drove him out of the house, shooting at him as he was leaving. The negro was severely wounded in the arm.

Negro Assailant Pleads Guilty.

Columbus, O., Nov. 8.—Arthur Brown, colored, charged with having attempted to criminally assault Mrs. Ida Little at her home on the Harrisburg pike, pleaded guilty when arraigned in police court. Judge Osborn held him to the grand jury under a bond of \$1,500.

"TELLS THE WHOLE STORY."

To say that Foley's Honey and Tar Compound is best for children and grown persons and contains no opiates tells only part of the tale. The whole story is that it is the best medicine for coughs, colds, croup, bronchitis and other affections of the throat, chest and lungs. Stops the grippe coughs and has a healing and soothing effect. Remember the name. Foley's Honey and Tar Compound, accept no substitutes. Blackmer & Tanquary.

Women Will Now Smash Records

Great Suffrage Parade in New York Saturday Night.

New York, Nov. 8.—The greatest suffrage parade that ever happened. That's what the leaders, men and women, are promising for Saturday night. They put the probable number of marchers at 20,000. And that's not counting Governor-elect Sulzer nor a chorus of 150 sweet singers, nor sundry milk-white steeds nor Miss Fola LaFollette. Mrs. James Lees Laidlaw of the woman suffrage party publicly announced that everybody would be welcome. She adds: "Get in line at any old place if you don't know any better. If you're a woman, wear white if convenient. Be quiet, dignified, obey your marshal."

One Dead One Dying

Two Children Lost In the Woods Found by a Farmers' Posse.

Rutland, Vt., Nov. 8.—Joseph, five-year-old son of Mr. and Mrs. Chauncey Clark of Salisbury, is dead and their three-year-old boy, Herbert, is in a serious condition from shock as a result of the children getting lost while going to drive in the cattle and wandering all night in swampy woods bordering Lake Danmore.

Boy "Bandits" Rounded Up.

Portsmouth, O., Nov. 8.—Five boy bandits, armed with three shotguns and a revolver, believed to have been taken from fishing camps and summer cottages along Brush creek, were captured here after a store in Rush town and the railroad waiting room in the village had been set on fire. Four of the lads served time in the Lancaster reform school.

The Jezreelites of Gillingham, in Kent, England, have once more been brought prominently before the public in the old country. The founder of this strange sect, which is but little known in these days, was a certain James White, a private in the Sixteenth regiment, who, on his conversion, took the names of "James Jereshom Jezreel." White gathered enthusiasts round him and, like the early Christians, the Jezreelites had all things in common. It was a principle of the sect that its members were the first portion of the 114,000, twice told, who shall receive Christ when he appears to reign on earth. Shortly after the foundation of the sect, "Jezreel" and his followers commenced to build a huge temple, intended to hold 20,000 people, near Chatham. "Jezreel" died in 1885, and the work was never completed, but the temple—tenantless and bare—survives today as a memento of one of the maddest of modern dreams.

CARNEGIE SWEARS OFF HIS PERSONAL TAXES

Says Public Benefactions Have Plunged Him Into Debt.

New York, Nov. 8.—Andrew Carnegie swears off his personal taxes. He says he has not a cent of personal property in the world that isn't offset by contracts for libraries, pensions, peace palaces and other extravagant pastimes which have plunged him head over heels into debt. Mr. Carnegie was assessed for \$10,000,000. His taxes would have been \$183,000. His assessment for 1912 and 1911 was the same and he was regarded as the city's most willing taxpayer.

Mr. Carnegie told Tax Commissioner Charles White that his personal property had been frittered away so that now it stands at only \$3,477,000.

MUST HAVE BEEN DRUNK

Seemed Only Plausible Explanation of Conduct of Man on New York Train.

At Matawan the New York bound train, pretty well filled with passengers, took on a number more, among them a family of eight—stout mother, stout aunt and six children. The children ranged in age from a baby in arms to a youngster of eight or nine years. There were few vacant seats in the car into which this family party trailed, and the stout mother, with her youngest in her arms, and the stout aunt, carrying a large bundle, managed to squeeze into two unoccupied places, leaving the children to shift for themselves.

Along toward the middle of the car sat a small, shabby, kind-faced man who, observing that the five children were standing about unsteadily in the car aisle, arose smilingly and went to their rescue. With much difficulty he succeeded in finding seats for the youngsters, giving up his own place to two of them and standing in the aisle himself.

"Funny about that man takin' so much trouble gettin' the children seats," observed the stout mother to the stout aunt.

"Yes," was the reply; "I've been looking at him. I guess he must be drunk."

HOW THEY DO IN RUSSIA

Sixty-Seven Persons Are Tried Behind Closed Doors and Given Prison Sentences.

"They do things in a strange way in Russia," says a letter in the Russische Korrespondenz from a correspondent in Warsaw. "Behind closed doors sixty-seven members of the Polish Socialist party were tried. After a session of ten days it became known that ten of the accused were dismissed, twenty-five of the remaining fifty-seven were sentenced to deportation and prison sentences were pronounced against the remaining thirty-two in terms ranging from seventeen years to two years eight months. In all, 279 years of prison service was dealt out, to say nothing of the twenty-five unfortunates who were deported. And all this behind closed doors."

Mrs. Peter Holan, 11501 Buekeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: "He coughed until he was blue in the face. I gave him Foley's Honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes indeed I can recommend Foley's Honey and Tar Compound." In the yellow package. Blackmer & Tanquary.

Small Clue to Crime.

A mysterious St. Petersburg crime has just been solved by means of a trousers button. Some days ago the police found the bodies of a well-to-do couple named Andrejeff lying near the Ninekaja railway station, bearing unmistakable evidence of having been stabbed to death. The wife was known in the district on account of the valuable jewelry she used to wear, and the jewelry was missing when her body was found. No clue to the identity of the murderers could be found except a trousers button, which was lying near the bodies, but as this button was similar to those used for a certain uniform a search was instituted. This led to the discovery of a man in the One Hundred and Forty-sixth Infantry regiment whose trousers were minus a button, and on being accused of the crime he immediately confessed.

Mr. Hiram Steele, 628 N. 6th St., Terre Haute, Ind., writes: "I came down with a severe case of kidney trouble. I had to get up 100 often at night, there was pain and much sediment, puffs under my eyes, back pained terribly, and I was dizzy. Foley Kidney Pills cured me quickly, and I feel 100 per cent. better." Blackmer & Tanquary.
